

# Take the Plunge!

## Toilet Rebate Program

Customers in the City of Atlanta are eligible for a rebate by replacing their older, less-efficient toilets with an approved low-flow toilet!

### Don't Wait to Replace Your Old Toilet!

The program currently offers \$50 rebates on toilets using 1.6 gallons per flush (gpf) or less and \$100 rebates on eligible WaterSense-certified toilets.

Beginning January 1, 2012, only eligible WaterSense-certified toilets that use 1.28 gpf or less will qualify for a rebate.

On December 31, 2011, the option for a \$50 rebate for toilets using 1.6 gpf or less will end. Completed applications requesting the \$50 rebate must be postmarked by this date.

Applicants must meet the following qualifications:

- » Own or rent a single-family residential home built in 1993 or earlier
- » Receive a water bill from the City of Atlanta and be up to date on payments
- » Have the original receipt from the toilet purchase

The City of Atlanta has saved millions of gallons of precious water because of customers replacing their old water-wasting toilets with EPA-certified WaterSense models. Atlanta has experienced periods of severe drought in recent years, and we encourage all customers to take steps to conserve water. For conservation tips, please visit [www.atlantawatershed.org/conservation](http://www.atlantawatershed.org/conservation).

The list of eligible WaterSense-certified toilets can be found at [www.northgeorgiawater.org/toiletrebate](http://www.northgeorgiawater.org/toiletrebate).

Customers may apply for up to two (2) toilet rebates per household.

Rebates are issued on a first-come, first-served basis and are limited to funding availability.

For more information, please visit [www.northgeorgiawater.org/toiletrebate](http://www.northgeorgiawater.org/toiletrebate) or email us at [toiletrebate@northgeorgiawater.org](mailto:toiletrebate@northgeorgiawater.org) or call 404.463.8645.

*If your water provider is not listed, please contact your local water provider to find out if there is a program in your area.*
